Network – placing text on side panels and podium

Network 66+68+68+68+66 cm panels

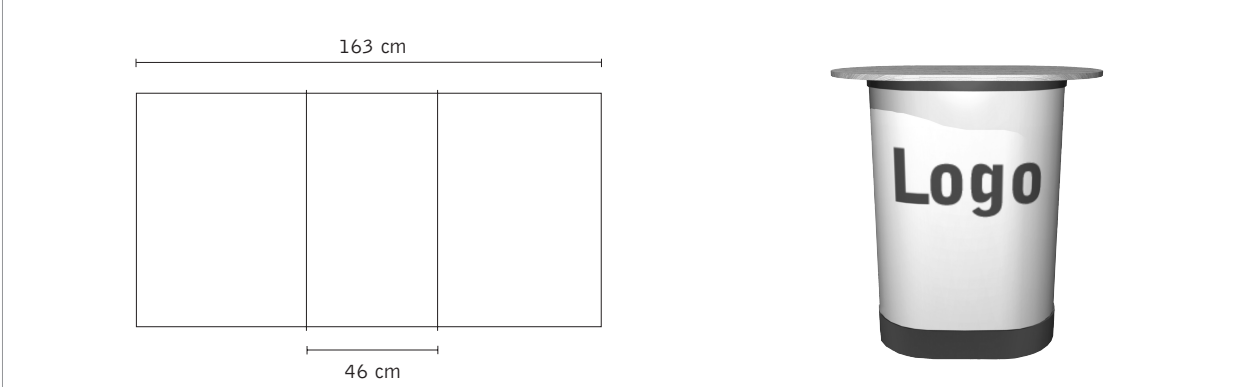

The diagram shows a layout of five panels. The two outer panels are labeled "Side panel" and have a width of 66 cm. The three inner panels are labeled "Center panels" and have a total width of 204 cm (68 cm each). The distance from the center of the side panels to the center of the center panels is 33 cm. The distance from the edge of the center panels to the edge of the side panels is 25 cm. To the right is a 3D rendering of the panel with "side panel" text on the left and right sides.

If you would like the text so it is visible from the side and partially on the front place the text in the centre.

To be able to read the full text when standing in front of the Network position it within 25 cm from the edge of the center panels.

All-in-one podium 163x82 cm panel

The diagram shows a rectangular panel with a total width of 163 cm. It is divided into three vertical sections. The central section has a width of 46 cm. To the right is a 3D rendering of a podium with a "Logo" on the front.

To be able to view the logo/image fully from the front, place it in the center of the panel at 46 cm width.
